Automating Administration with PowerShell , <i>Altkom Akademia</i>	2023
Docker - configuration, management, applications , <i>ALX Academy</i>	2023
SAS Viya: administration , <i>SAS</i>	2023
SAS Viya: operational activities , <i>SAS</i>	2023
GREYCORTEX Mendel Administrator Training Level 1 , <i>CLICO</i>	2023

Projects

JavaScript, Node.js, Ionic – Application „Inwestorzy” [↗](#)

The application helps users of the board game "Investors" to calculate their score. It uses cloud-based data in the cloud and logging via Google, Facebook and Apple. The application is integrated with the company website.

PHP, WordPress – Plugin „Fakturomania” [↗](#)

The "Fakturomania" plugin integrates your WooCommerce-based online shop with your accounting system Fakturomania. The plugin allows you to automatically issue an invoice and send it to your customer, and uses FPDF, cURL, PHPMailer, WordPress API and WooCommerce API.

JavaScript, Node.js, Ionic – Application for checking customer tickets [↗](#)

The Android and iOS app allows customers to check their tickets using a QR code reader or built-in camera. The application is integrated with the company's website and checks the status of the health survey user.

C++, Qt – Jumper game [↗](#)

Jumper play is possible with AI or with another player. The user can choose from 2 difficulty levels. The application uses Qt libraries and makes use of, among others, the STL library, streams, classes, objects, encapsulation and user data checks.

Languages

English

Intermediate

Polish

Native language

Interests

Travelling, new technologies, auction sites, computer system protection, rock and metal music genres.

Reference

Mikołaj Bartosiewicz [↗](#)

I work with Paweł at Mikser Dance PR sp. z o. o. Paweł created a website and a mobile application for the company. He fulfills his duties well.

Mateusz Rabong [↗](#)

A professional likes few others! The cooperation was very smooth and all problems were solved quickly and efficiently! A reliable guy.

Tomasz Rabong [↗](#)

I sincerely recommend Paweł and his services for websites, WooCommerce e-commerce, logistics systems and fk.

Sebastian Kuk [↗](#)

During the internship, Paweł learnt how to use the Atlassian package (including Jira, Confluence, Bitbucket and Bamboo) as well as got to know the basics of R language and improve the Protractor and Node.js frameworks.

Processing of personal data

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
